## SUMMARY

Dedicated B.Tech Computer Science student experienced in data science and backend workflows. Actively exploring Product Management intern roles to leverage leadership, team collaboration, and technical expertise in delivering user-centric solutions.

## EDUCATION

|                                                |                      |
|------------------------------------------------|----------------------|
| <b>Vellore Institute of Technology, Bhopal</b> | 2023 – 2027          |
| B.Tech in Computer Science and Engineering     | <b>CGPA: 8.36/10</b> |
| <b>Choithram School North Campus, Indore</b>   | 2021 – 2022          |
| Class XII (CBSE) – Science                     | <b>74.0%</b>         |
| <b>Choithram School North Campus, Indore</b>   | 2019 – 2020          |
| Class X (CBSE)                                 | <b>96.6%</b>         |

## CORE SKILLS

**Programming & Frameworks:** Java, Python, SQL, Spring Boot, REST APIs, Git

**Data Science & Analytics:** Data Structures & Algorithms, Exploratory Data Analysis (EDA), Visualization (Matplotlib, Seaborn)

**Management & Leadership:** Product Lifecycle Basics, Cross-Functional Collaboration, Public Speaking, Event Operations

## EXPERIENCE

**Data Analytics Intern – ManaraLabs Pvt. Ltd., Indore, India** May 2026 – Present

- Collaborated with multi-disciplinary teams to establish data visualization pipelines and exploratory workflows.
- Demonstrated strong cross-functional teamwork and leadership by coordinating across QA and dev teams to catch critical edge cases.

**Data Science Intern – XALT Analytics Pvt. Ltd., Indore, India** Apr 2025 – Jul 2025

- Handled data processing pipelines across 500+ datasets, translating complex distributions into production dashboard insights.
- Led cross-functional alignment initiatives to implement data validation frameworks, boosting workflow reliability.

## PROJECTS

**DPDP Compliance Age-Shield Prototype** [Live Prototype](#)

*Product Compliance Strategy, DigiLocker API Mocking, User Flow Optimization*

- Designed a verification prototype utilizing DigiLocker integration to validate official user age metrics.
- Implemented strict e-commerce guardrails restricting underage users from accessing features (e.g., Blinkit Paan Corner).

**Python AI Tutor** [GitHub](#)

*Python, LLM Integration, Prompt Engineering, User Experience Design*

- Built an interactive, user-focused learning companion applying systemic prompting to deliver strategic, Socratic hints.
- Managed end-to-end testing and feedback loops to optimize long-session user engagement and context retention.

**Facial Recognition Attendance System** [GitHub](#)

*Computer Vision, Database Architecture, Frontend Dashboard UI*

- Developed a biometric system with a real-time tracking interface, reducing manual tracking workflows.
- Designed an intuitive administrator dashboard frontend to optimize data navigation, filtering, and record auditing.

## CERTIFICATIONS

- [AWS Certified Cloud Practitioner](#) – Amazon Web Services
- Google Technical Support Fundamentals Certification – Google *Credential ID: XV04IY6J90Y8*

## ACHIEVEMENTS & CO-CURRICULARS

- **Secretary General & Guest of Honour** – Choithram MUN (CNMUN); led structural debates and invited as Guest of Honour in 2023.
- **Head Boy (Class 12)** – Directed student body coordination, institutional representation, and leadership initiatives.
- **Event Team Lead** – ADVITYA techno-cultural fest & Meraki Club VIT Bhopal; managed large-scale operations, budgeting, fests, and production logistics.
- **Master of Ceremonies & Anchor** – Headed hosting duties for institutional events including Kavyanjali and Cyber Heist fests.
- Served as Event Team Lead for NULL Cyber Security Club, VIT Bhopal.
- Solved comprehensive technical and data structure problems across LeetCode platform.
- **Active Member, NSS VIT Bhopal** – Managed community initiatives and organized the Mega Plantation Drive.
